Primary Languages Update – March - April 2026

Learning languages in the primary languages classroom

A free conference is taking place on Thursday 26th March 10am – 3pm in London at which the findings of two recent research projects will be shared.

An Immersive German Exhibition for Primary Schools

This exhibition is free and available as a mail-order kit for schools. It is being offered by the Goethe Institut. Children can explore the creative world of Axel Scheffler through visual, audio storytelling and hands-on creativity. No prior knowledge of German is required. It looks interesting.
